7:38:01 PM Mel Brouillette: Thank you.

7:38:03 PM Jennifer Lavoie: Okay superintendent information items.

7:38:08 PM Jason Mitchell: So number one is membership meeting calendar for 2020 21 from the school board's Institute, which is including your packet. Number two one of the take a minute and just recognize our three retirees for this year though Kit Hall is retiring as a bus driver and he's been with us for 11 years Jeff Peters. Hey Duke is here with us and was going to say a couple things about Kit.

7:38:42 PM Jeff Pieters-Hayduke: I just want to say thank you for all the dedicated service. He's provided to the school and to the students. I think he's going to stick around in the sub. I'm really hoping so I know he's enjoyed it and he's been a big asset. So I kind of hate to see him go, but I

hope you enjoy his retirement and

7:38:59 PM *Laura Billings*: G

7:39:00 PM *Jeff Pieters-Hayduke*: wish him the best of luck.

7:39:03 PM *Jona Snyder*: Is there things for sports teams?

7:39:07 PM *Jennifer Lavoie*: Yeah.

7:39:11 PM *Jason Mitchell*: Thank you, Jeff. Also retiring after 31 years of service to the district Mike Sanderson all those years at our elementary building and I know that mr. Litella wants a couple things.

7:39:29 PM *Brian Latella*: Actually a superhero regulations to Mike obviously 30 plus years is a testament to his dedication to the district and you know, the last five and a half years Mike's been Mass specialist that I've worked with him, but it goes beyond his work in the classroom. I think for for a lot of those 31 years. He would take the 6th grade to ski and learn how to ski and he'd be the first one to help out field trips and set stuff up. You know obviously would love to talk to you about biking and mountain climbing his family his kids and now he gets the more time to enjoy them. So we just want to say a big. Congratulations to Mike. Good luck in his next phase.

7:40:08 PM *Jennifer Lavoie*: Yeah, for sure. He's going to be very very much missed.

7:40:17 PM *Jason Mitchell*: And last and definitely not least Linda would 43 years of service to the district primarily as superintendent secretary, and I know Mel wanted to say a couple things.

7:40:30 PM *Mel Brouillette*: Well as you well know we've left the the let Best For Last we'd like to thank Linda would for dedication here to Madison Central School. 43 years is a long time, you know, presence will truly be missed by all of us in wishing her a long and healthy retirement. So congrats

7:40:57 PM *Jason Mitchell*: Thanks Mel. I would say I was lucky to you know, start my superintendency with somebody who had been in the superintendent's office for such a long time and to have somebody to be able to share the history and things like that with me. It's been invaluable. So while in divinely work together for six months, I want to thank her for showing me the ropes. It's been much appreciated and of course even shortened a little bit more because we closed in March but Having her here has been great for me. So congrats to all of our retirees. Item number three is tentative Board of Education meeting schedule for 2020 21 for year review. There's one item on there that there's traditionally been a July work Retreat for the board that is listed on the proposed schedule for next year with no date. So if that's something the board will want to continue with you'll have to consider what they will work and what the fill that in the future.

7:42:06 PM *Jennifer Lavoie*: Right and now superintendent approval items.

7:42:16 PM *Jason Mitchell*: So we have to accept this little strange. We just talked about it before coming into the meeting. We have to accept the results in their entirety and then we'll

look at them separately. So the first motion is to accept the 2020 21 budget vote results.

7:42:37 PM *Jennifer Lavoie*: Do I have a motion?

7:42:40 PM *Laura Billings*: Laura

7:42:42 PM *Mike Filipovich*: second Mike

7:44:04 PM *Jennifer Lavoie*: Yes, and before we move on I just want to take a second. Stephanie Clark has opted not to run again this year obviously, but we just want to give her a shout out. She's been on the board of education for eight plus years and she's done fantastic things for a school district and continues to do fantastic things for our community. Definitely so she's not a huge mess and she's going to be hugely this by all of us.

7:44:36 PM Jason Mitchell: Okay ready to move.

7:45:58 PM Jason Mitchell: So before moving onto buses, we saw a significant increase in both part of voter participation with the male end votes. I think we're typically under 200 votes and we were over 400 this year. So nice to see some more participation. So this person is awarding every graduate with \$50 and then is bumping up the usual class of 1960 Class Awards by \$100 each and very very gracious of this person. Mike Lee did some some work today. He went out to her house and help their fellow paperwork and and receive the check on behalf of the district. So congratulations to all the teachers who receive tenure tonight. That's a great accomplishment and we were very excited to be able to grant that this year for them. They worked really hard for that. Obviously. Congratulations to our retirees. Mike's Anderson 31 years in Lindenwood 43 years and in kid Hall the work they've done behind the scenes and the little things with driving the bus and you know running the superintendent's It's just amazing and congratulations to them, you know, obviously I think Linda has a few more days to help me out with some things before she before she officially retires and you know, we're going to need that help. So congratulations to them also to our you know, new and in continuing board members Laura Jonah and Jenna congratulations and congratulations to stuff for her work on the board and you know continuing the work like Jen said with the community. It's just been great. I just want to update you on a couple of little end-of-the-year events that we were able to hold Pre-K and kindergarten have drive-through celebrations and graduations last week Thursday and Friday, those went fantastic. We had a lot of teaching assistants in the teachers out there talking to everybody in their cars students were able to drive up see their teachers get there. They're graduating gifts as they moved into kindergarten and first grade and then last night we moved up our fifth graders into Middle School by having a drive in celebration at the you Baseball field on North Street, and that was just super organized by Mrs. Nolan and Mrs. Steensma big thanks to Mr. And Mrs. Birds for allowing us to borrow the video screen and Michelle's friend Don for hooking up the the projector but it was pretty neat for everybody to be gathered there and they're in their cars and properly spaced watching the slideshow of memories and then we watch the movie and now they can move from from fifth grade to sixth grade. Just some wonderful events that everybody really pulled together to make It happen and then finally just some big thanks. It's the last day of school, you know in everybody's been doing so much and working so hard together that I just want to thank a couple real people real quickly and then be Mr. Kotter and then the cafeteria and his staff and all the work they've done through delivering meals. I know the numbers just an astounding number that they've done and continue to do thanks there Mr. Posted his his staff inside and outside the building. You see what it looks like outside already getting out there and working in And sanitizing and keeping the the species clean inside Jeff Peters. Hey Duke in the in his staff in the bus garage from you know, the deliveries of materials through this whole process to you know, deliver in the lunches. It's just been amazing and I think that Kurt PV needs just a huge congratulations and the work he had to do with the technology and then inventorying all the materials that were brought back was was just amazing and then finally the Board of Ed congrats on passing the budget, you know, thank you for your support and I'm really excited. About the team that we've put together for the 2021 school year. That's the principal's report from the elementary.

8:05:02 PM Jennifer Lavoie: Thank you.

8:05:03 PM Jason Mitchell: If I could jump in for you go Larry received a couple of emails from parents today Thanking us and congratulating us on the fifth grade moving up ceremony. So I just wanted to mention that and Brian mentioned the lunch is worth twenty thousand five hundred fifty two meals since our closure. So it's pretty awesome number with

8:05:25 PM Jennifer Lavoie: Yeah.

8:05:26 PM Jason Mitchell: combination with serious. Staph and PTO with with the gup-x.

8:05:34 PM Larry Nichols: All right, so good evening everybody. So I just want to say you know, thank you as well. You know, everything that Brian said is so true. It's amazing how when times are tough people step up and and a lot of great professionals we work with so so thanks to everybody there. You think we're being closed things would be a little bit slower actually is picking up speed so last week we have pick up and drop off, you know, pairs came out to pick up whatever items materials and kids lockers or in their actual room. Elementary went pretty well. It got a little hairy at first but you know, I had we had help from you know, Brian I had help from Linda Trisha Coon Joanna call Missy bowler wendypatton Amber Beer and pork her he was he was hiking Chromebooks up and down all day. So they went pretty well and we still have a few more to take care of yet. But so that was our Thursday and Friday good chunk of that. Just some updates on what's coming up, you know, especially for graduation and seniors Awards night. It's going to be coming up on the 23rd. The sports award will be coming up. I don't have a firm date on that from mr. Lee, but he's been working on that. So that's going to be kind of cool to watch a whole different format. Did you and now so the next I have the graduation plan for you? So it's kind of it's been kind of bit of a turmoil. It's we've had approval for this and then we got shot down for that. And so here's currently what it looks like and I say this because currently because I you know, you never know what's going to happen in the next week or so, but on June 26, the governor didn't allow schools to have graduations in person up to a hundred and fifty people. So that's that was our original plan that we Kind of decided upon three days before we were told we couldn't do it. So we've put together. I think something pretty nice for the seniors. We're still working at of course. I do have some correspondence that we coming out shortly. We just want to send it through to the lawyers to kind of make sure that you know things look good there and I try to line up a course based on safety on what the health department wants us to do. So, there's there's some there's some And regulations there. We got to go through my still think it's going to be it's going to be unique. I know it's been a tough tough spring. So I'm pretty excited for I think it's going to be different don't know if I want to do it every year like that, but I think it's be kind of cool. So, you know, I hope everybody enjoys it but that's coming up. We're still ahead on the same night on the 26th at 7 p.m. Rain date of Saturday 10 a.m. So hopefully Mother Nature will be good to us and we can take care of it in the evening. So that's graduation in a nutshell. Like I said, you know the advisors been working hard on it. We got some a couple of cool things. We got coming up for them to appreciate the seniors. So yeah, so we'll keep you posted on that. And finally I just want to say congratulations as well to our to our retirees, you know, hit Mike and Linda malli, you know, great employees, but good people. I mean if you have a conversation with any of them, it's just You know just they're just good people and so I just, you know want to wish them the best of luck in their new chapters, and and it's sad, but exciting. I'm glad to hear kit might be coming back in a substitute role. But anyway, just congratulations everybody our tenure appointees and just death Clark, you know, I hope things go well in her future endeavors. Thank you.
