

Library Book Weeding Rationale

Attached to this document is a list of titles I am requesting to be surplus and then removed from our library's collection.

In making the decision to weed a book, I looked at several factors including:

- The condition (yellow pages, significantly warped)
- The circulation history (some titles have not been checked out in several years)
- The relation to the curriculum
- The timeliness of the book
- Is it a multiple copy title that is no longer popular

In making these decisions, I have examined weeding guidelines through BOCES School Library System and also through professional sources such as School Library Journal to ensure that I could be as thoughtful and methodical as possible.

Nicole Bodner, MCS Librarian
